SUNMED 2.0: FOR THE CANNABIS CONNOISSEUR

Sun. Science. Smooth.

NEW SUNMED PARTNERSHIPS WITH

Globally recognized cannabis lifestyle brand, Cookies, is doubling down in Maryland.

SunMed and Cookies are partnering to deliver world-class genetics and signature cultivars to dispensaries across the state this summer.

Spotlight on Cookies: Apples & Bananas

Premium genetics combine to create a potent hybrid strain called Apples & Bananas. This cross between four premium cultivars: Platinum Cookies, Granddaddy Purple, Blue Power and Gelatti, boasts a high THC percentage, visually striking appearance and pungent smell.

ICONIC U.S. CANNABIS BRANDS

Airo Brands and SunMed: A medical cannabis marriage made in high design and innovative vapor technology.

SunMed and Airo Brands have partnered to deliver a superior and intuitive vaping experience for Maryland patients with the highest-quality cartridges and vapor innovations designed to please the senses.

AIRO

Airo vaporizers combine cutting-edge technology with solid construction to provide the smoothest and most potent draw available while also reigning first in reliability and performance. The ceramic atomizer and cellulose wicking system combine to consistently deliver 3x the vapor and ensure satisfaction from the first to the final hit.

Our (not so) secret ingredient

SunMed's Dutch-style greenhouse allows us to cultivate clean medicine packed with rich terpenes and complex flavor profiles found only in cannabis grown in full spectrum sunlight. Coupled with the most advanced technology — and the most committed team — in the industry, we craft some of the best medicine under the sun — literally.

Meet Logan!

Logan is part of the SunMed Growers Harvest team, which cares for our flowers once they have completed harvest and are rolled into one of our temperature-controlled environments for drying and curing.

“One of the most rewarding parts of my job is seeing the flowers in their final form before they go into dry rooms, trim or packaging. It really is amazing to see your hard work and dedication pay off with something so beautiful.”

Logan's favorite SunMed strains are Crunch Berries and Strawberry Shortcake, though he admits the choice is a difficult one to make among SunMed's award-winning craft strains.

TEAM SPOTLIGHT

Meet Tez!

Tez is one of a small number of team members who work directly with SunMed's Lab Director and Assistant Lab Director. In this role, he's gained a "whole new world of knowledge" in the science and technologies that drive our cutting-edge extraction processes.

“It is really cool to see and learn the pure craft happening here behind the science in all of our concentrates.”

With Maryland's medical cannabis market buzzing about SunMed 2.0 and plans for the launch of our new line of edibles later this year, employees like Tez will have plenty of new and exciting opportunities to grow with SunMed.

Medical cannabis is for use only by a qualifying patient. Consumption of medical cannabis may impair your ability to drive a car or operate machinery. Please use extreme caution. There may be health risks associated with cannabis use, especially during pregnancy or breast-feeding. Accidental consumption of cannabis by children or animals may result in severe adverse reactions. Keep cannabis out of the reach of children and animals.
